The associated guarantees will be returned to the tenderers. No liability can be accepted for late delivery of tenders. Late tenders will be rejected and will not be evaluated.

19. Evaluation of tenders

19.1 Examination of the administrative conformity of tenders

The aim at this stage is to check that tenders comply with the essential requirements of the tender dossier. A tender is deemed to comply if it satisfies all the conditions, procedures and specifications in the tender dossier without substantially departing from or attaching restrictions to them.

Substantial departures or restrictions are those which affect the scope, quality or execution of the contract, differ widely from the terms of the tender dossier, limit the rights of the NRSP or the tenderer's obligations under the contract or distort competition for tenderers whose tenders do comply. Decisions to the effect that a tender is not administratively compliant must be duly justified in the evaluation minutes.

If a tender does not comply with the tender dossier, it will be rejected immediately and may not subsequently be made to comply by correcting it or withdrawing the departure or restriction.

19.2 Technical evaluation

After analyzing the tenders deemed to comply in administrative terms, the evaluation committee will rule on the technical admissibility of each tender, classifying it as technically compliant or non-compliant.

- 19.3 In the interests of transparency and equal treatment and to facilitate the examination and evaluation of tenders, the evaluation committee may ask each tenderer individually for clarification of its tender including breakdowns of prices, within a reasonable time limit to be fixed by the evaluation committee. The request for clarification and the response must be in writing, but no change in the price or substance of the tender may be sought, offered or permitted except as required to confirm the correction of arithmetical errors discovered during the evaluation of tenders. Any such request for clarification must not distort competition. Decisions to the effect that a tender is not technically compliant must be duly justified in the evaluation minutes.

19.4 Financial evaluation

- a) Tenders found to be technically compliant will be checked for any arithmetical errors in computation and summation. Errors will be corrected by the evaluation committee as follows:
- where there is a discrepancy between amounts in figures and in words, the amount in words will be the amount taken into account;
 - Except for lump-sum contracts, where there is a discrepancy between a unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will be the price taken into account.

- b) Amounts corrected in this way will be binding on the tenderer. If the tenderer does not accept them, its tender will be rejected.

19.5 Award criteria

- The sole award criterion will be the required/given technical specification and price.
- Lowest price will not be the sole criteria; condition of vehicles and delivery time will be considered.
- NRSP reserve the right for conducting inspection by its own personnel or reputed third parties of the offered vehicles. The selected tenderer has to offer the items for inspection in such a manner that it does not affect the delivery schedule.
- NRSP reserve the right to split the contact between two or more supplier as per received offers lot wise.

The technically compliant tender that offers the best price-quality ratio will be chosen.

20. Signature of the contract and performance guarantee

- 20.1 The successful tenderer will be informed in writing that its tender has been accepted (notification of award). Before the NRSP signs the contract with the successful tenderer, the successful tenderer must provide the **documentary proof** (original copies), including company incorporation/registration, experience certificates, NTN Certificate, or any other document needed by the evaluation committee according to the selection criteria.
- 20.2 The NRSP reserves the right to vary quantities specified in the tender by +/- 25% at the time of contracting and during the validity of the contract. The total value of the supplies may not, as a result of the variation rise or fall by more than 25 % of the original financial offer in the tender. The unit prices quoted in the tender shall be used.
- 20.3 Within 7 days receipt of the contract signed by the NRSP, the selected tenderer must sign and date the contract and return it, with the performance guarantee (if applicable), to the NRSP. On signing the contract, the successful tenderer will become the Contractor and the contract will enter into force.
- 20.4 If it fails to sign and return the contract and any financial guarantee required within 14 days after receipt of notification, the NRSP may consider the acceptance of the tender to be cancelled without prejudice to the NRSP's right to seize the guarantee, claim compensation or pursue any other remedy in respect of such failure, and the successful tenderer will have no claim whatsoever on the NRSP.

21. Tender guarantee

The Bid security (Earnest Money), for **Rs. 25, 000/-** (Rupees Twenty five thousand only) per lot in shape of demand draft/pay order/call deposit in the name of NRSP. NRSP NTN is 0656952-8.

22. Ethics clauses

- 22.1 Any attempt by a candidate or tenderer to obtain confidential information, enter into unlawful agreements with competitors or influence the committee or the NRSP during the process of examining, clarifying, evaluating and comparing tenders will lead to the rejection of their candidacy or tender and may result in administrative penalties.
- 22.2 Without the NRSP's prior written authorization, a Contractor and its staff or any other company with which the Contractor is associated or linked may not, even on an ancillary or subcontracting basis, supply other services, carry out works or supply equipment for the project. This prohibition also applies to any other projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the Contractor.

- 22.3. When submitting a tender, tenderers must declare that they are not affected by a conflict of interest and have no equivalent relation in that respect with other tenderers or parties involved in the project. Should such a situation arise during execution of the contract, the Contractor must immediately inform the NRSP.
- 22.4 Contractors must at all times act impartially and as faithful advisers in accordance with the code of conduct of their profession. They will refrain from making public statements about the project or services without the NRSP's prior approval. They may not commit the NRSP in any way without its prior written consent.
- 22.5 For the duration of the contracts Contractors and their staff must respect human rights and undertake not to offend the political, cultural and religious mores of the beneficiary state. In particular and in accordance with the legal basic act concerned, tenderers that have been awarded contracts must abide by core labour standards as defined in the relevant International Labour Organization conventions (such as the Conventions on freedom of association and collective bargaining; Abolition of forced and compulsory Labour; Elimination of forced and compulsory labour; Abolition of child labour).
- 22.6 Contractors may accept no payment connected with the contracts other than that provided for therein. Contractors and their staff must not exercise any activity nor receive any advantage inconsistent with their obligations to the NRSP.
- 22.7 Contractors and their staff are obliged to maintain professional secrecy for the entire duration of contracts and after their completion. All reports and documents drawn up or received by Contractors will be confidential.
- 22.8 The contract governs the Contracting Parties' use of all reports and documents drawn up, received or presented by them during the implementation of the contract.
- 22.9 Contractors must refrain from any relationship likely to compromise their independence or that of their staff. If the Contractor ceases to be independent, the NRSP may, regardless of injury, terminate the contract without further notice and without the Contractor having any claim to compensation.
- 22.10 The Commission reserves the right to suspend or cancel project financing if corrupt practices of any kind are discovered at any stage of the award process and if the NRSP fails to take all appropriate measures to remedy the situation. For the purposes of this provision, 'corrupt practices' are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or implementation of a contract already concluded with the NRSP.
- 22.11 All tenders will be rejected or contracts terminated if it emerges that the award implementation of a contract has given rise to unusual commercial expenses. Such unusual commercial expenses are commissions not mentioned in the main contract or not stemming from a properly concluded contract referring to the main contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a recipient who is not clearly identified or commissions paid to a company which has any appearance of being a front company.
- 22.12 The NRSP reserves the right to suspend or cancel the procedure, if the award procedure proves to have been subject to substantial errors, irregularities or fraud. Where such substantial errors, irregularities or fraud are discovered after the award of the Contract, the NRSP may refrain from concluding the Contract.

23. Cancellation of the tender procedure

If a tender procedure is cancelled, tenderers will be notified by the NRSP. If the tender procedure is cancelled before the tender opening session the sealed envelopes will be returned, unopened, to the tenderers.

Cancellation may occur, for example, if:

- the tender procedure has been unsuccessful, namely where no suitable, qualitatively or financially acceptable tender has been received or there has been no valid response at all;
- the economic or technical parameters of the project have changed fundamentally;
- exceptional circumstances or *force majeure* render normal implementation of the project impossible;
- all technically acceptable tenders exceed the financial resources available;
- there have been substantial errors, irregularities or frauds in the procedure, in particular where these have prevented fair competition;
- the award is not in compliance with sound financial management, i.e. does not respect the principles of economy, efficiency and effectiveness (e.g. the price proposed by the tenderer to whom the contract is to be awarded is objectively disproportionate with regard to the price of the market).

In no event will the NRSP be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of a tender procedure even if the NRSP has been advised of the possibility of damages. The publication of a contract notice does not commit the NRSP to implement the programme or project announced.

24. Penalty

- The NRSP reserve the right to forfeit the bid security (Earnest Money) in case the successful tenderer regrets or fail to provide the vehicles.
- In case of down time of any/all the rental vehicles NRSP will arrange its how hired vehicles and all expenses will be deducted from the supplier as per actual till the time of replacement of down vehicles received.
