

Queries and Replies for the RFP 0001-RQ-2614

S.#	Query	NRSP Response
1.	The RFP mentions that venue, logistics, participant support including tea/lunch, and contingency/miscellaneous costs will be the responsibility of NRSP. Kindly confirm whether this also includes transportation support for participants.	As mentioned in RFP document the transportation support for Participants is also NRSP's responsibility.
2.	Clarify whether NRSP will arrange/mobilize the training participants for all training events, or whether the selected consultant will be required to identify, arrange, and mobilize the participants.	NRSP already identified the training participants and will furnished the list to the individual consultant before training.
