19. Evaluation of Proposals

19.1 Examination of the administrative conformity of proposals

The aim at this stage is to check that proposal comply with the essential requirements of the RFP . A proposal is deemed to comply if it satisfies all the conditions, procedures and specifications in the RFP without substantially departing from or attaching restrictions to them.

Substantial departures or restrictions are those which affect the scope, quality or execution of the contract, differ widely from the terms of the RFP, limit the rights of the NRSP or the bidder's obligations under the contract or distort competition for bidders whose proposals do comply. Decisions to the effect that a proposal is not administratively compliant must be duly justified in the evaluation minutes.

If a proposal does not comply with the RFP, it will be rejected immediately and may not subsequently be made to comply by correcting it or withdrawing the departure or restriction.

19.2 Technical evaluation

After analysing the proposals deemed to comply in administrative terms, the evaluation committee will rule on the technical admissibility of each proposal, classifying it as technically compliant or non-compliant.

19.3 In the interests of transparency and equal treatment and to facilitate the examination and evaluation of proposals, the evaluation committee may ask each bidder individually for clarification of its proposal including breakdowns of prices, within a reasonable time limit to be fixed by the evaluation committee. The request for clarification and the response must be in writing, but no change in the price or substance of the proposal may be sought, offered or permitted except as required to confirm the correction of arithmetical errors discovered during the evaluation of proposal. Any such request for clarification must not distort competition. Decisions to the effect that a proposal is not technically compliant must be duly justified in the evaluation minutes.

19.4 Financial evaluation

a) proposals found to be technically compliant will be checked for any arithmetical errors in computation and summation. Errors will be corrected by the evaluation committee as follows:

- where there is a discrepancy between amounts in figures and in words, the amount in words will be the amount taken into account;
- except for lump-sum contracts, where there is a discrepancy between a unit price and the total amount derived from the multiplication of the unit price and the quantity, the unit price as quoted will be the price taken into account.

b) Amounts corrected in this way will be binding on the bidder. If the bidder does not accept them, its proposal will be rejected.

19.5 Award criteria

- Evaluation will be made lot wise.
- The sole award criterion will be the required/given technical specification, condition of vehicles, delivery time and price.
- Lowest price will not be the sole criteria; condition of vehicles and delivery time will be considered.
- NRSP reserves the right for conducting inspection by its own personnel or reputed third parties of the offered vehicles. The selected bidder has to offer the items for inspection in such a manner that it does not affect the delivery schedule.
- NRSP reserves the right to split the contract between two or more suppliers as per received offers.
- The technically compliant proposal that offers the best price-quality ratio will be chosen.

20. Signature of the contract and performance guarantee

- 20.1 The successful bidder will be informed in writing that its proposal has been accepted (notification of award). Before the NRSP signs the contract with the successful bidder, the successful bidder must provide the **documentary proof** (original copies), including company incorporation/registration, experience certificates, financial accounts, NTN and GST Certificate, bank statement or any other document needed by the evaluation committee according to the selection criteria.
- 20.2 The successful bidder must also provide evidence of financial and economic standing and technical and professional capacity according to the selection criteria within 5 working days following the notification award or if the successful bidder is found to have provided false information or fake documents, the award will be considered null and void. In such case the NRSP may award to the next lowest bidder or cancel the RFP procedure.
- 20.3 The NRSP reserves the right to vary quantities specified in the RFP by +/- 25 % at the time of contracting and during the validity of the contract. The total value of the supplies may not, as a result of the variation rise or fall by more than 25 % of the original financial offer in the RFP. The unit prices quoted in the proposal shall be used.
- 20.4 Within 14 days receipt of the contract signed by the NRSP, the selected bidder must sign and date the contract and return it, with the performance guarantee (if applicable), to the NRSP. On signing the contract, the successful bidder will become the Contractor and the contract will enter into force.
- 20.5 If it fails to sign and return the contract and any financial guarantee required within 14 days after receipt of notification, the NRSP may consider the acceptance of the proposal to be cancelled without prejudice to the NRSP's right to seize the guarantee, claim compensation or pursue any other remedy in respect of such failure, and the successful bidder will have no claim whatsoever on the NRSP.

21. Bid Security/Earnest Money

The Bid security (Earnest Money) of Rs.20,000/- (Rupees twenty thousand only) **per lot** in shape of demand draft/pay order/call deposit in the name of NRSP to be submitted with the financial proposal.

22. Ethics clauses

- 22.1 Any attempt by a candidate or bidder to obtain confidential information, enter into unlawful agreements with competitors or influence the committee or the NRSP during the process of examining, clarifying, evaluating and comparing RFPs will lead to the rejection of their candidacy or RFP and may result in administrative penalties.
- 22.2 Without the NRSP's prior written authorisation, a Contractor and its staff or any other company with which the Contractor is associated or linked may not, even on an ancillary or subcontracting basis, supply other services, carry out works or supply equipment for the project. This prohibition also applies to any other projects that could, owing to the nature of the contract, give rise to a conflict of interest on the part of the Contractor.
- 22.3. When submitting a proposal, bidders must declare that they are not affected by a conflict of interest and have no equivalent relation in that respect with other bidders or parties involved in the project. Should such a situation arise during execution of the contract, the Contractor must immediately inform the NRSP.
- 22.4 Contractors must at all times act impartially and as faithful advisers in accordance with the code of conduct of their profession. They will refrain from making public statements about the project or services without the NRSP's prior approval. They may not commit the NRSP in any way without its prior written consent.

- 22.5 For the duration of the contracts Contractors and their staff must respect human rights and undertake not to offend the political, cultural and religious mores of the beneficiary state. In particular and in accordance with the legal basic act concerned, bidders that have been awarded contracts must abide by core labour standards as defined in the relevant International Labour Organisation conventions (such as the Conventions on freedom of association and collective bargaining; Abolition of forced and compulsory labour; Elimination of forced and compulsory labour; Abolition of child labour).
- 22.6 Contractors may accept no payment connected with the contracts other than that provided for therein. Contractors and their staff must not exercise any activity nor receive any advantage inconsistent with their obligations to the NRSP.
- 22.7 Contractors and their staff are obliged to maintain professional secrecy for the entire duration of contracts and after their completion. All reports and documents drawn up or received by Contractors will be confidential.
- 22.8 The contract governs the Contracting Parties' use of all reports and documents drawn up, received or presented by them during the implementation of the contract.
- 22.9 Contractors must refrain from any relationship likely to compromise their independence or that of their staff. If the Contractor ceases to be independent, the NRSP may, regardless of injury, terminate the contract without further notice and without the Contractor having any claim to compensation.
- 22.10 The Commission reserves the right to suspend or cancel project financing if corrupt practices of any kind are discovered at any stage of the award process and if the NRSP fails to take all appropriate measures to remedy the situation. For the purposes of this provision, 'corrupt practices' are the offer of a bribe, gift, gratuity or commission to any person as an inducement or reward for performing or refraining from any act relating to the award of a contract or implementation of a contract already concluded with the NRSP.
- 22.11 All RFPs will be rejected or contracts terminated if it emerges that the award or implementation of a contract has given rise to unusual commercial expenses. Such unusual commercial expenses are commissions not mentioned in the main contract or not stemming from a properly concluded contract referring to the main contract, commissions not paid in return for any actual and legitimate service, commissions remitted to a tax haven, commissions paid to a recipient who is not clearly identified or commissions paid to a company which has any appearance of being a front company.
- 22.12 The Contractor undertakes to supply the Commission on request with all supporting documents relating to the conditions of the contract's execution. The Commission may carry out whatever documentary or on-the-spot checks it deems necessary to find evidence in cases of suspected unusual commercial expenses.
- 22.13 The NRSP reserves the right to suspend or cancel the procedure, if the award procedure proves to have been subject to substantial errors, irregularities or fraud. Where such substantial errors, irregularities or fraud are discovered after the award of the Contract, the NRSP may refrain from concluding the Contract.

23. Cancellation of the RFP procedure

If a RFP procedure is cancelled, bidders will be notified by the NRSP. If the RFP procedure is cancelled before the proposal opening session the sealed envelopes will be returned, unopened, to the bidders.

Cancellation may occur, for example, if:

- the RFP procedure has been unsuccessful, namely where no suitable, qualitatively or financially acceptable proposal has been received or there has been no valid response at all;
- the economic or technical parameters of the project have changed fundamentally;

- exceptional circumstances or *force majeure* render normal implementation of the project impossible;
- all technically acceptable proposals exceed the financial resources available;
- there have been substantial errors, irregularities or frauds in the procedure, in particular where these have prevented fair competition;
- the award is not in compliance with sound financial management, i.e. does not respect the principles of economy, efficiency and effectiveness (e.g. the price proposed by the bidder to whom the contract is to be awarded is objectively disproportionate with regard to the price of the market).

In no event will the NRSP be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of a RFP procedure even if the NRSP has been advised of the possibility of damages. The publication of a contract notice does not commit the NRSP to implement the programme or project announced.

24. Penalty

- The NRSP reserve the right to forfeit the bid security (earnest money) in case the successful bidder regrets or fail to provide the vehicles.
- In case of down time of any/all the rental vehicles NRSP will arrange its own hired vehicles and all expenses will be deducted from the supplier as per actual till the time of replacement of down vehicles received.

25. Appeals

Bidders believing that they have been harmed by an error or irregularity during the award process may file a complaint to the NRSP at complaints@nrsp.org.pk.
